

St. Michael the Archangel High School
Student and Parent Technology Policy Signature Form
New and Returning Students
2026-2027

STUDENT NAME: _____ GRADE: _____

St. Michael Student Acceptable Use Technology Policy STUDENT Acceptance

I, _____, have read the 2026-2027 *St. Michael Acceptable Use Technology Policy (AUP)* and understand I am to cooperate with the school and be accountable according to those policies and regulations. When I accept my Asus/Dell laptop computer, I understand that if there is a malfunction, I am to take it to the Help Desk that day for repair. I am aware that the accidental damage insurance purchased by SMHS may cover the cost of repair. Regardless, if the computer malfunctions or is damaged, any repair cost not covered by the accidental damage insurance is solely the responsibility of me and my parents. The stylus and case are not covered by school insurance. Further, I understand that if the computer, stylus, or case is lost or stolen, its replacement is solely the responsibility of me and my parents. I understand that the laptop, stylus, and case must be returned to the Help Desk if I leave the school or immediately after my last final exam of the school year.

St. Michael Student Acceptable Use Technology Policy PARENT Acceptance

I, _____, have read the 2026-2027 *St. Michael Acceptable Use Technology Policy (AUP)* and understand I am to cooperate with the school and be accountable according to those policies and regulations. When my child accepts the Asus/Dell laptop computer, we understand that if there is a malfunction, he/she is to take it to the Help Desk that day for repair. I am aware that the accidental damage insurance purchased by SMHS may cover the cost of repair. Regardless, if the computer malfunctions or is damaged, any repair cost not covered by the accidental damage insurance is solely my responsibility. The stylus and case are not covered by school insurance. Further, I understand that if the computer, stylus, or case is lost or stolen, its replacement cost is solely my responsibility. St. Michael High School reserves the right to amend any item in the Acceptable Use Policy during the school year. Students and parents will be notified of any changes.

I am aware that additional damage and theft insurance is available through an outside vendor. If I choose to purchase this optional insurance, I understand that doing so in no way eliminates or limits my responsibility to pay St. Michael High School for repairs or replacement of the computer. I understand that the optional insurance would allow me to seek reimbursement for such repairs or replacement cost after payment has been made to St. Michael High School. I understand that the computer, stylus, and case must be returned to the school if my child leaves the school or immediately after his/her last final exam of the school year.
